

the underlying security is trading on another exchange. Instead of only relying on the “primary market,” the proposed rule change attempts to clarify when options will trade on the Exchange to allow greater continuity in the marketplace. By allowing the Exchange to trade options whenever the underlying securities are trading, the proposed rule change seeks to create less of a disconnect if the “primary” market should be experiencing technical difficulties, an emergency, or other situation that may inhibit it to be connected to the marketplace.

#### *B. Self-Regulatory Organization’s Statement on Burden on Competition*

This proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe the proposed rule change imposes any burden on intramarket competition because it will apply to all Members [sic]. In addition, the Exchange does not believe the proposed rule change will impose any burden on intermarket competition as it will merely give the Exchange discretion to trade options when there is an ample market for the underlying security of those options. Thus, the Exchange believes the proposed rule change will promote competition by giving the Exchange the ability to trade options when the underlying security is trading anywhere, and, thus, helping the Exchange to better participate in the marketplace. Additionally, as noted above, the proposed rule change is a competitive response to a recently approved rule filing submitted by the CBOE.<sup>9</sup> ISE believes this proposed rule change is necessary to permit fair competition among the options exchanges.

#### *C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

#### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The Exchange believes that the foregoing proposed rule change may take effect upon filing with the Commission pursuant to

Section 19(b)(3)(A)<sup>10</sup> of the Act and Rule 19b-4(f)(6) thereunder<sup>11</sup> because the foregoing proposed rule change does not (i) significantly affect the protection of investors or the public interest, (ii) impose any significant burden on competition, and (iii) become operative for 30 days after its filing date, or such shorter time as the Commission may designate.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
